## TWO CENTURIES OF HISTORY

Founded in 1820 by Salvatore Bellomunno and Rosa Di Donato. The Bellomunno company is the oldest funeral home in Italy. Around the 1880s it was handed down to Gaetano Bellomunno, who in turn handed it down to his sons Mario, Alberto and Salvatore in 1929 and in 1960 the tradition continued with Antonio and Gaetano.

The company was run by two women Marilidia and Gabriella, Antonio's daughters, since 1995 until it was taken over by Gabriella's son, Fabio, who continues to maintain the professionalism transmitted by the experience from his family's centuries-old tradition.

Seriousness, confidentiality, and professionalism continue to blend with tradition, modernized over the years.

Keeping pace with the times we have continued to manage national and international cases. For generations, we have maintained relationships with foreign countries, especially in Europe and the USA, with the collaboration of embassies, consulates, and funeral homes on site.
